

Economic Indicators

Central Bank of Iceland
May 2010

I Inflation and inflation expectations

I-1

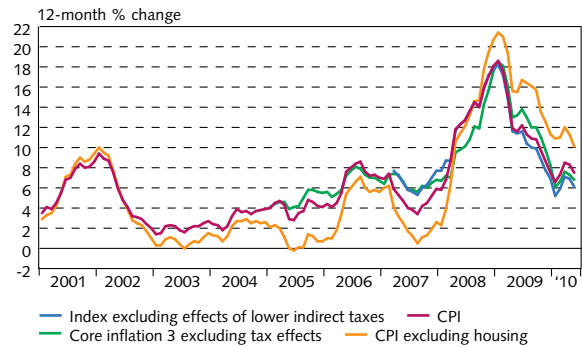

Inflation

Overall index and measures of underlying inflation. Core Index 1 excludes prices of agricultural products and petrol, and Core Index 2 excludes prices of public services as well. Core Index 3 is Core Index 2 excluding the effects of changes in real interest rates on the housing component of the CPI. Monthly data.
Source: Statistics Iceland.

I-2

Inflation: Various measurements

Monthly data.
Source: Statistics Iceland.

I-3

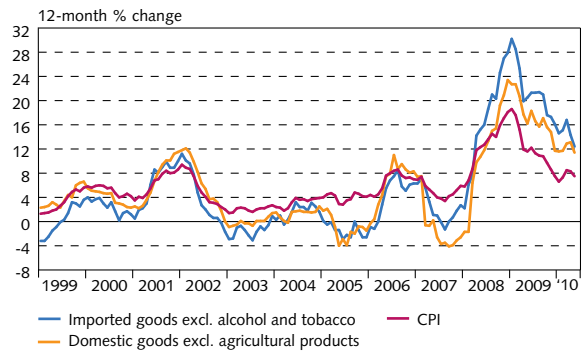

Components of CPI inflation

Contribution of individual items to 12-month inflation. Monthly data.
Source: Statistics Iceland.

I-4

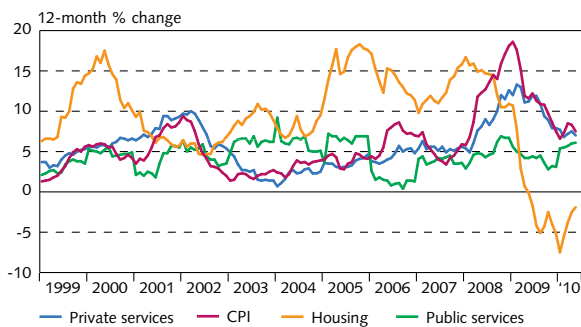

Price developments: goods

Monthly data.
Source: Statistics Iceland.

I-5

Price developments: housing and services

Monthly data.
Source: Statistics Iceland.

I-6

Price developments: housing

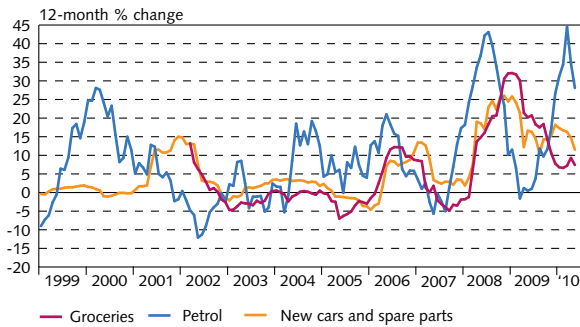

Monthly data.

I-8

Price and wage developments: wages, inflation, and services

Monthly data.

Source: Statistics Iceland.

I-9

Price developments: goods, housing and services

Monthly data.

Source: Statistics Iceland.

I-10

Breakeven inflation rate and inflation expectations

Breakeven inflation rate at month-end and inflation expectations according to surveys carried out by Capacent Gallup for the Central Bank. Respondents are asked about inflation 12 months ahead. Median figures are used. The breakeven inflation rate is calculated from 1) RIKB 13 0517 and HFF150914; 2) RIKB 19 0226 and HFF150224; and 3) RIKB 25 0612 and HFF150434. Sources: Capacent Gallup, Central Bank of Iceland.

I-11

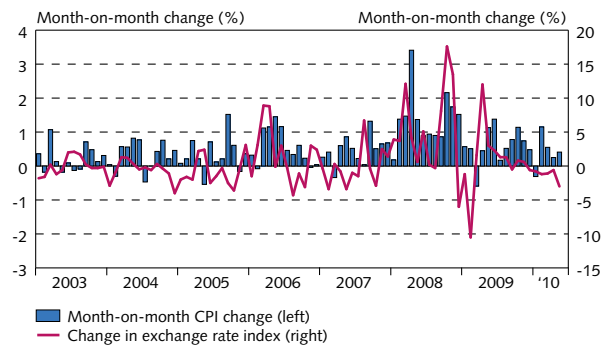

Import price levels and exchange rate developments

Import-weighted exchange rate index and price of imported goods in the CPI. The import exchange rate index is published with a one-month time lag, as price level measurements are carried out at mid-month. Monthly data. Sources: Statistics Iceland, Central Bank of Iceland.

I-12

Price level and exchange rate developments

The exchange rate index is calculated based on a narrow trade basket. Monthly data. Sources: Statistics Iceland, Central Bank of Iceland.

I Inflation and inflation expectations

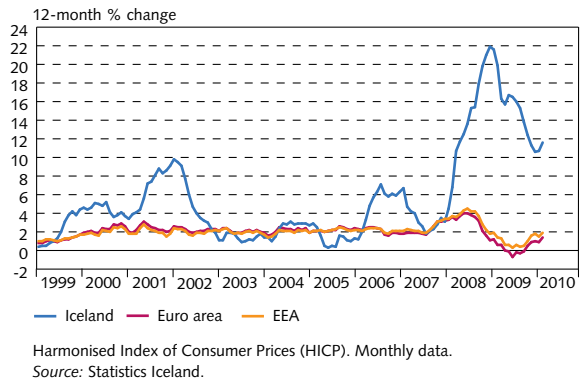

I-13

Distribution of price increases in the CPI

I-14

Inflation in Iceland and Europe

II Output and demand

II-1

GDP

II-2

GDP

II-3

Output growth and national expenditure

II-4

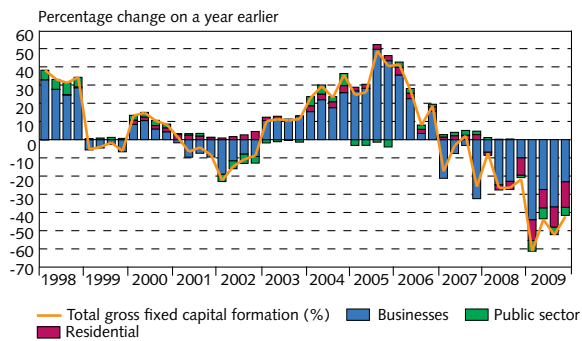

Private consumption and gross fixed capital formation

II Output and demand

II-5

Gross fixed capital formation

Contribution of individual items to gross capital formation. Quarterly data.
Source: Statistics Iceland.

II-6

Foreign trade

Quarterly data.
Source: Statistics Iceland.

II-7

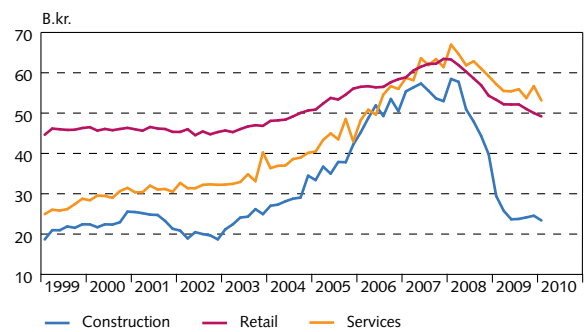

Turnover according to VAT returns

Deflated by the CPI. Index 1998=100. Seasonally adjusted data for two-month periods.
Sources: Statistics Iceland, Central Bank of Iceland.

II-8

Turnover according to VAT returns: several components

Deflated by the CPI. Retail sector is deflated by the CPI excluding housing and petrol, and construction sector is deflated by the CPI. Seasonally adjusted data for two-months periods.
Sources: Statistics Iceland, Central Bank of Iceland.

II-9

Payment card turnover

Debit and credit card turnover deflated by the CPI less housing costs.
Monthly data.
Sources: Statistics Iceland, Central Bank of Iceland.

II-10

Payment card turnover

Debit and credit card turnover deflated by the CPI less housing costs.
Turnover abroad is deflated by the exchange rate index. Monthly data.
Sources: Statistics Iceland, Central Bank of Iceland.

II Output and demand

II-11

Household domestic payment card turnover

Debit and credit card turnover deflated by the CPI less housing costs. Seasonally adjusted monthly data.

Sources: Statistics Iceland, Central Bank of Iceland.

II-12

Foreign payment card turnover in Iceland

Foreign payment card turnover deflated by the CPI less housing cost. Monthly data.

Sources: Statistics Iceland, Central Bank of Iceland.

II-13

Groceries turnover

Deflated by price of groceries in CPI. Monthly data.

Sources: Icelandic Centre for Retail Studies (RSV), Central Bank of Iceland.

II-14

Private consumption, groceries and payment card turnover

Points show the latest 12 month %-change on 2-month moving averages. The value for Q4/2009 for private consumption is -0.1%. Quarterly data.

Sources: Statistics Iceland, Icelandic Centre for Retail Studies (RSV), Central Bank of Iceland.

II-15

Cement sales

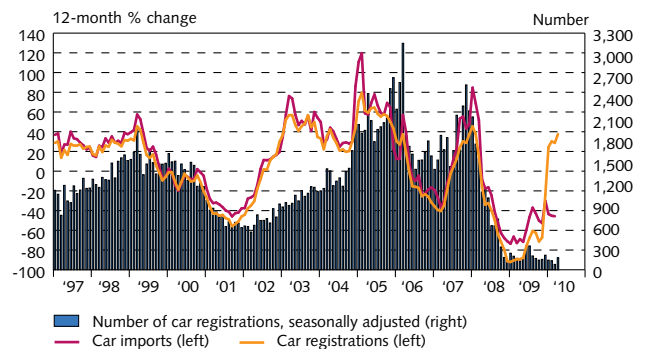

3-month moving average. Monthly data.

Sources: Aalborg Portland Ísland hf., BM Vallá, Sementsverksmiðjan hf.

II-16

Importation and new registration of motor vehicles

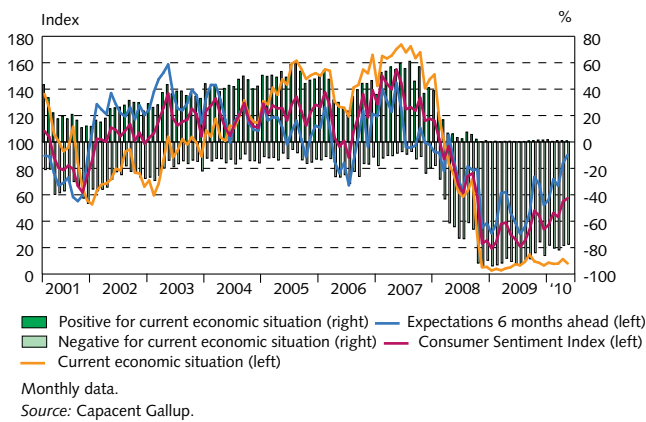

3-month moving average. New motor vehicle registrations include new and used vehicles in all categories (passenger cars, motor coaches, and delivery and transport vehicles). Monthly data.

Sources: Bilgreinasambandið, Statistics Iceland.

II-17

Gallup Consumer Sentiment Index

II-18

Private consumption and Gallup Consumer Sentiment Index

III Foreign trade and external economic conditions

III-1

Current account balance

III-2

Components of current account balance

III-3

Merchandise trade balance as percentage of merchandise exports

III-4

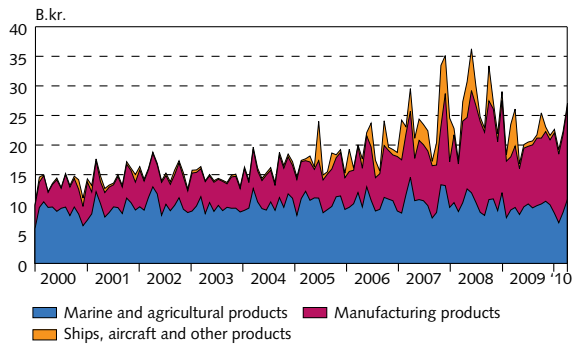

Merchandise imports and exports at constant exchange rates

III Foreign trade and external economic conditions

III-5

Components of merchandise exports

Merchandise export values at constant exchange rates based on monthly average export-weighted exchange rate index (broad trade basket). Monthly data.
Sources: Statistics Iceland, Central Bank of Iceland.

III-6

Components of merchandise imports

Merchandise import values at constant exchange rates based on import-weighted exchange rate index (broad trade basket). Monthly data.
Sources: Statistics Iceland, Central Bank of Iceland.

III-7

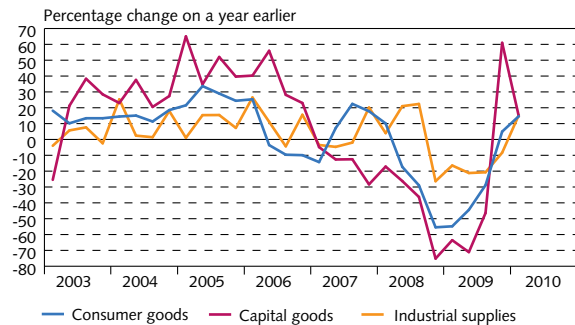

Volume changes in main export products

Quarterly data.
Source: Statistics Iceland.

III-8

Volume changes in main import products

Quarterly data.
Source: Statistics Iceland.

III-9

Volume changes in main import products

Non-durable consumer goods are disposable items such as tobacco and pharmaceuticals. Semi-durables are products that are neither disposable nor durable, such as clothing. Consumer durables are products with a long life-time, such as household appliances. Quarterly data.
Source: Statistics Iceland.

III-10

Merchandise exports

Exported merchandise value calculated as a 3-month moving average at constant exchange rates based on export-weighted exchange rate index (broad trade basket). Monthly data.
Sources: Statistics Iceland, Central Bank of Iceland.

III Foreign trade and external economic conditions

III-11

Merchandise exports by category

Exported merchandise value calculated as a 3-month moving average at constant exchange rates based on export-weighted exchange rate index (broad trade basket). Monthly data.

Sources: Statistics Iceland, Central Bank of Iceland.

III-12

Seasonally adjusted merchandise imports

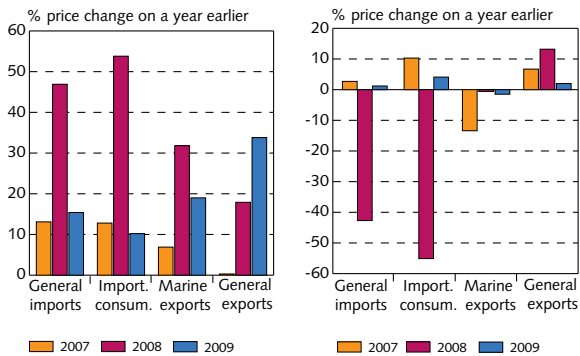

Imported merchandise value calculated as a 3-month moving average at constant exchange rates based on export-weighted exchange rate index (broad trade basket). The index of foreign price levels is calculated by weighting together the consumer price indices in main trading partner countries using a currency basket. Monthly data.

Sources: Statistics Iceland, Central Bank of Iceland.

III-13

Price and volume developments in merchandise trade
January - March

General imports are total imports excluding ships, aircraft, and sundry items (residual). General exports are total exports excluding ships, aircraft, and sundry items (residual). Monthly data.

Source: Statistics Iceland.

III-14

Services account

Quarterly data at constant exchange rates.

Source: Central Bank of Iceland.

III-15

Fish catch volume

Monthly data at constant price levels.

Source: Statistics Iceland.

III-16

Catch volume and export value of marine products

Cumulative catch volume from beginning of year. Cumulative value of marine exports from beginning of year; nominal fob value. Monthly data.

Sources: Directorate of Fisheries, Statistics Iceland.

III Foreign trade and external economic conditions

III-17

Export prices

III-18

Aluminium production

III-19

Global crude oil and petrol prices

III-20

Global crude oil and petrol prices

Commodity prices in international markets

III-22

Global commodity prices and Icelandic export prices

III Foreign trade and external economic conditions

III-23

Real exchange rate

Quarterly data.
Source: Central Bank of Iceland.

III-24

Real exchange rate relative to consumer prices

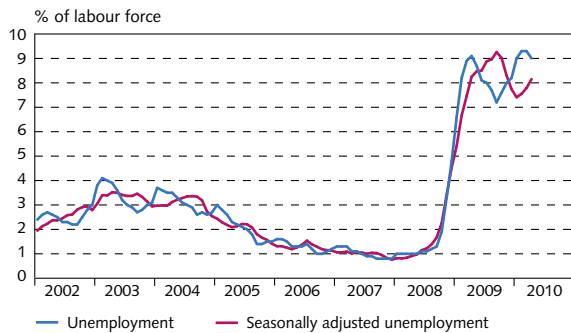

Monthly data relative to consumer prices.
Source: Central Bank of Iceland.

IV Labour market and wages

IV-1

Unemployment

Registered unemployment is the average number of individuals registered with employment agencies nationwide as a percentage of the estimated number of persons in the labour market in each month. Monthly data.
Sources: Directorate of Labour, Central Bank of Iceland.

IV-2

Foreign labour

3-month moving average. The E-8 countries are Estonia, Latvia, Lithuania, Poland, Slovakia, Slovenia, the Czech Republic, and Hungary. Monthly data.
Source: Directorate of Labour.

IV-3

Unemployment rate and labour participation rate

Until 2003, the Statistics Iceland labour market survey included only one week in April and one week in November; however, since January 2003, it has been continuous and the results published quarterly. As a result, figures from January 2003 and thereafter are not entirely comparable with earlier figures. Quarterly data.
Source: Statistics Iceland.

IV-4

Employed persons and number of persons at work

Until 2003, the Statistics Iceland labour market survey included only one week in April and one week in November; however, since January 2003, it has been continuous and the results published quarterly. As a result, figures from January 2003 and thereafter are not entirely comparable with earlier figures. Employed persons are those who worked at least one hour during the reference week or were absent from work that they were hired to carry out. Persons at work are those who worked one hour or more during the reference week. Quarterly data.
Source: Statistics Iceland.

IV Labour market and wages

IV-5

Changes in labour force

Until 2003, the Statistics Iceland labour market survey included only one week in April and one week in November; however, since January 2003, it has been continuous and the results published quarterly. As a result, figures from January 2003 and thereafter are not entirely comparable with earlier figures. Quarterly data.

Source: Statistics Iceland.

IV-6

Changes in labour force

Contribution of age groups to changes in total hours worked. Until 2003, the Statistics Iceland labour market survey included only one week in April and one week in November; however, since January 2003, it has been continuous and the results published quarterly. As a result, figures from January 2003 and thereafter are not entirely comparable with earlier figures. Quarterly data.

Source: Statistics Iceland.

IV-7

Nominal and real wages

Real wages are the wage index deflated by the CPI. Monthly data.

Source: Statistics Iceland.

IV-8

Wage changes by sector

Until 2006, private sector wages, on the one hand, and public sector and banking sector wages, on the other, are components of the wage index; however, from 2006 onwards, the banking sector is included in private sector wages. Quarterly data.

Sources: Statistics Iceland, Central Bank of Iceland.

IV-9

Private sector wage index by sector

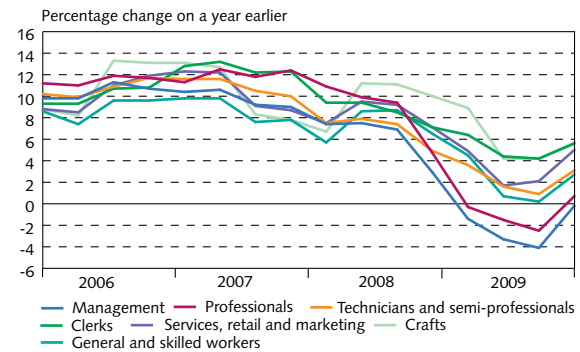

Sectors are defined according to ÍSAT 95, a classification standard based on the industry classification system of the European Union. Quarterly data.

Sources: Statistics Iceland, Central Bank of Iceland.

IV-10

Private sector wage index by occupational group

Occupational groups are defined according to ÍSTARF 95, a classification standard based on the International Labour Organization's occupational classification system, ISCO-88. Quarterly data.

Sources: Statistics Iceland, Central Bank of Iceland.

V Public finances

V-1

Public sector revenues, expenditures, and balance

In real terms, deflated by CPI. Quarterly data.
Source: Statistics Iceland.

V-2

Treasury revenues, expenditures, and balance

In real terms, deflated by CPI. Quarterly data.
Source: Statistics Iceland.

V-3

Local government revenues, expenditures and balance

In real terms, deflated by CPI. Quarterly data.
Source: Statistics Iceland.

V-4

Local government revenues and expenditures

In real terms, deflated by CPI. Quarterly data.
Source: Statistics Iceland.

V-5

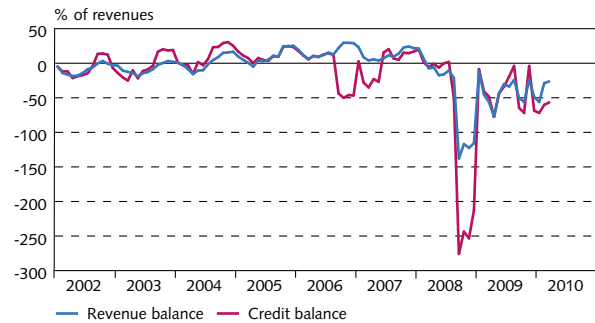

Treasury and local government debt with the credit system

End-of-quarter debt is divided by GDP for that quarter, the preceding quarter, and the following two quarters. Estimated data Q4/2008-Q4/2009 on movements in figures from statistics Iceland. Credit system figures are not available. Quarterly data.
Source: Central Bank of Iceland.

V-6

Treasury balance and net credit balance

4-month moving average, deflated by the CPI. Revenues from asset sales included. Monthly data.
Sources: State Accounting Office, Central Bank of Iceland.

V Public finances

V-7

Regular Treasury revenues excluding asset sales and regular expenditures excluding interest

4-month moving average, deflated by the CPI. Monthly data.
Sources: State Accounting Office, Central Bank of Iceland.

V-8

Tax revenues

4-month moving average, deflated by the CPI. Monthly data.
Sources: State Accounting Office, Central Bank of Iceland.

V-9

Treasury expenditures by type

4-month moving average, deflated by the CPI. For December 2008, irregular expenditures totalling 192 b.kr. due to the banks' collapse are not shown. Monthly data.
Sources: State Accounting Office, Central Bank of Iceland.

V-10

Treasury expenditures, main categories

4-month moving average, deflated by the CPI. Monthly data.
Sources: State Accounting Office, Central Bank of Iceland.

VI Asset markets

VI-1

Housing market prices and turnover in greater Reykjavík

Turnover is based on the number of purchase agreements on the date of purchase. Monthly data.
Source: Icelandic Property Registry.

VI-2

Housing market prices in greater Reykjavík

Price per m² (immediate payment), 3-month average. Monthly data.
Sources: Icelandic Property Registry, Statistics Iceland.

VI-3

House prices in greater Reykjavík

Monthly data.
Sources: Icelandic Property Registry, Statistics Iceland.

VI-4

Market price of residential housing

Monthly data.
Source: Statistics Iceland.

VI-5

Advertised property and average time to sale

Monthly average of advertisements on *Morgunbladid* real estate website. The count is carried out by property code to avoid a repeat count of the same property. Monthly turnover is according to the number of officially registered purchase agreements. The average time to sale is the length of time (in months) that it takes to sell advertised property divided by the turnover for the month in question. As of February 2009, *Morgunbladid* began charging a fee for online real estate advertisements. This reduced the number of advertisements placed.
Sources: *Morgunbladid* Real Estate Website (mbl.is), Icelandic Property Registry.

VI-6

Number and amount of new residential housing loans

Information from credit institutions was unavailable from September 2008 onwards. Monthly data.
Sources: Housing Financing Fund, Central Bank of Iceland.

VI-7

Real commercial property prices in greater Reykjavík

Weighted average of industrial, retail, and office housing. Data are subject to uncertainty due to sparsity and divergence of measurements. Quarterly data.
Sources: Icelandic Property Registry, Central Bank of Iceland.

VI-8

Turnover of commercial housing¹

¹ Before June 2006 turnover is based on purchase day, otherwise on day of registered sales agreement.
Sources: Icelandic Property Registry, Central Bank of Iceland.

VI Asset markets

VI-9

Equity market

Total monthly volume of listed shares and monthly average of main stock indices.

Source: Nasdaq OMX Nordic Exchange Iceland.

VII Financial markets

VII-1

Credit system lending growth

Due to reclassification of lending, data from Q3/2003 are not comparable to earlier data. Quarterly data.

Source: Central Bank of Iceland.

VII-2

Household debt with major credit institutions

Monthly data.

Source: Central Bank of Iceland.

VII-3

M3 and domestic bank credit

Corrected for estimated effects of price level and exchange rate movements on indexed and foreign-denominated loans. Real loan values are deflated by the CPI. Corrected for entry of Kaupthing from January 2002 onwards. Monthly data.

Source: Central Bank of Iceland.

VII-4

Real M3 and domestic bank credit

Lending and M3 at constant price levels are deflated by the CPI. Latest data are preliminary. Monthly data.

Source: Central Bank of Iceland.

VII Financial markets

VII-5

Credit institution lending to businesses

Contribution of individual components to lending growth. The category labelled "other" includes bills of exchange, redeemed guarantees, and asset financing agreements. Latest data are preliminary. Monthly data.
Source: Central Bank of Iceland.

VII-6

DMB lending to households

Contribution of individual components to lending growth. The category labelled "other" includes bills of exchange, redeemed guarantees, and asset financing agreements. Latest data are preliminary. Monthly data.
Source: Central Bank of Iceland.

VII-7

Companies' deposits

Contribution of individual components to deposit growth. Time deposits include money market accounts and other non-sight deposits. Indexed deposits include pension savings, indexed vacation allowance accounts, and other indexed savings. Latest data are preliminary. Monthly data.
Source: Central Bank of Iceland.

VII-8

Household deposits

Contribution of individual components to deposit growth. Time deposits include money market accounts and other non-sight deposits. Indexed deposits include pension savings, indexed vacation allowance accounts, and other indexed savings. Latest data are preliminary. Monthly data.
Source: Central Bank of Iceland.

VII-9

Base money

Categorisation of base money according to Central Bank accounts. Monthly data.
Source: Central Bank of Iceland.

VII-10

Central Bank collateral loans and overnight loans

Weedly data for collateral loans; daily data for overnight loans.
Source: Central Bank of Iceland.

VII Financial markets

VII-11

Central Bank collateral loan rate and money market interest rates

— REIBOR O/N — Policy rate — REIBOR 3-month

Weekly data.

Source: Central Bank of Iceland.

VII-12

Central Bank and short-term market interest rates

— Overnight CBI rates — Collateral loan rate — O/N REIBOR
— CBI current account rates — Maximum rate on 28-day CDs

Daily data.

Source: Central Bank of Iceland.

VII-13

Central Bank real interest rates

— Inflation — Breakeven inflation rate
▲ Household inflation expectations ▲ Businesses' inflation expectations

According to 12-month inflation. Real interest rates according to breakeven inflation rate on Treasury notes are calculated based on Treasury note (RIKB 13 0517) and Treasury bond (RIKS 15 1001) yields until June 2004, and on Treasury note (RIKB 13 0517) and HFF bond (HFF150914) yields from July 2004 onwards. From April 2009 onwards, the Central Bank deposit interest rate is considered the effective policy rate.

Sources: Statistics Iceland, Central Bank of Iceland.

VII-14

Forward interest rates

— May 25, 2010 — April 26, 2010 — May 25, 2009

Forward interest rates calculated based on interbank market interest and yields on Treasury notes, using the Nelson-Siegel method. The valuation is subject to some uncertainty because of the small number of Treasury notes underlying the calculations.

Source: Central Bank of Iceland.

VII-15

Short-term interest rate differential

— Iceland/Euro area — Iceland/US — Iceland/UK
— Iceland/Switzerland — Iceland/Japan

3-month interbank rates. Weekly data.

Source: Reuters EcoWin.

VII-16

Long-term interest rate differential

— Iceland/Euro area — Iceland/US — Iceland/UK
— Iceland/Switzerland — Iceland/Japan

Yields on non-indexed 10-year Treasury bonds are used. For Iceland, RIKB 13 0517 is used until end-February 2008, and RIKB 19 0226 is used thereafter.

Weekly data.

Source: Reuters EcoWin.

VII Financial markets

VII-17

Long-term nominal Treasury bond yields

Daily Data.

Source: Central Bank of Iceland.

VII-18

Yield on indexed long-term bonds

Daily data.

Source: Central Bank of Iceland.

VII-19

Average nominal interest rates

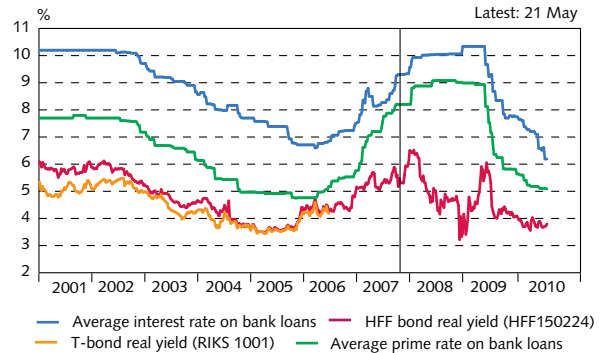

Due to changes in calculation methods, figures from February 2007 onwards are not fully comparable with data from earlier periods. Weekly data.

Source: Central Bank of Iceland.

VII-20

Average indexed interest rates

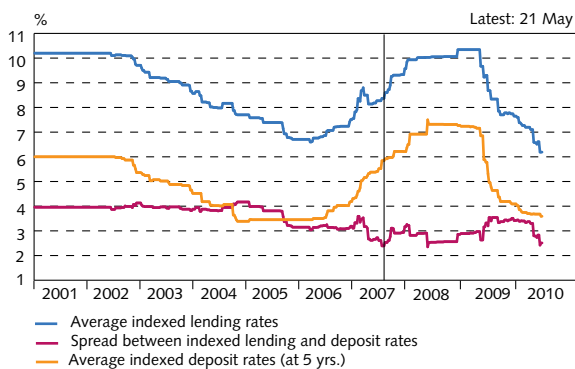

Due to changes in calculation methods, figures from February 2007 onwards are not fully comparable with data from earlier periods. Weekly data.

Source: Central Bank of Iceland.

VII-21

Bank lending and deposit rates

Due to changes in calculation methods, figures from February 2007 onwards are not fully comparable with data from earlier periods. Weekly data.

Source: Central Bank of Iceland.

VII-22

Interest rates on indexed housing loans

Lowest rates for loans with prepayment penalty. Housing Financing Fund interest rates are indexed housing loan rates with prepayment penalty from November 2005 onwards, and without prepayment penalty before that time. 10-day data.

Sources: Arion Bank, Housing Financing Fund, Íslandsbanki, Landsbanki Íslands/NBI.

VII Financial markets

VII-23

EURISK exchange rate

VII-24

Exchange rate of the króna against foreign currencies

VII-25

Exchange rate of high-yielding currencies against the euro

VII-26

Nominal and real exchange rate of the króna

VII-27

FX market turnover

VII-28

Turnover on the interbank market for krónur

VII Financial markets

VII-29

Bond market turnover

Weekly data.

Source: Central Bank of Iceland.

VII-30

CDS spread for Iceland

5-year EUR credit spread on the Republic of Iceland. Daily data.

Source: Central Bank of Iceland.
